**Join us for a free informative program at the
Friendship Gardens of Hardin County**

Learn about vegetable gardening in small spaces. Sarah Noggle, OSU Extension-Paulding County will discuss the use of raised beds, containers, and vertical growing techniques to add to traditional vegetable gardening methods. Learn how these practices can enhance your gardening experience and make better use of your available space. Find out how you can contribute extra produce locally to help those in need.

The Friendship Gardens of Hardin County will be the site. Start the evening off with a garden tour of the Friendship Gardens of Hardin County. The speaker will be inside with seating and air conditioning.

Come join us for the evening while enjoying the gardens and a great, free program.
